

S O C I A L

D I S T A N C I N G

Enroll today, because social distancing should be temporary!

In response to the COVID-19 outbreak, Cedar Tree Communication Therapy is now forming affordable online social skills groups for all ages. Curriculum will be customized for each group to best meet client needs. In order to match clients according to their personalities, needs, social-cognitive level, age, etc., each client will be screened prior to enrolling. Free online screenings are being scheduled now.

Enrollment will close on April 1.

Sessions begin April 6.

Schedule will be determined based on group preferences.

Featuring lessons from:
Social Thinking©
Beyond Social Skills©
Children's Friendship Training©
...and other best-practice curricula
